

**Appendix 1.** Historical list of amphibian records in “Appennino Lucano, Val d’Agri e Lagonegrese” National Park (Southern Italy). Data from localities in the surrounding of the park but not included in the protected area are indicated by an asterisk (\*). Legend: CKmap = database of the Italian Ministry of Environment, Land and Sea (Stoch 2000-2005); MSNG = Natural Museum History of Genoa; MSNT = Natural Museum History of Turin; MZUF= Zoological Museum of the University of Florence. Distribution of historical sites is available on Fig. 1. where the same site codes are reported.

Species	Locality	Site code	Year	Source	voucher
