Specifying the reason for payment: *Surname, Name, Congresso SHI 2021.*

✓ Registration form

Please send to congressoshi.lipari@gmail.com the registration form (attached) completed with the registration fee payment as indicated. For those who have already sent the pre-registration form, please confirm any missing data and indicate any changes in the modality (onsite/online) by May 15th.

✓ Manuscript submission (Updated instructions to authors)

Manuscript should be sent within 15th May to congressoshi.lipari@gmail.com and claudia.corti@unifi.it (please, send to both the contacts).

Manuscripts can be submitted following two formats:

Shorter format: up to 4 pages (each page: 2000 characters including spaces) including the abstract, tables and figures.

Longer format: up to 8 pages (each page: 2000 characters including spaces) including tables and figures, but excluding the abstract.

XIII CONGRESSO NAZIONALE
SOCIETAS HERPETOLOGICA ITALICA
LIPARI - ISOLE EOLIE (MESSINA)
22 - 26 SETTEMBRE 2021

Manuscript editing: typed in Times New Roman, 1.5 spaced;

TITLE in uppercase, font-size 14;

AUTHOR NAME(S) in small caps, font-size 12;

AFFILIATION(S) and ADDRESS(ES) font-size 11, should appear at the end of the article (any reference to the address of each author should be indicated by a number);

SUMMARY less than 2000 characters including spaces, followed by another summary in Italian that begins with a translation of the title in italics (all less than 2000 characters including spaces), font-size 11.

KEY WORDS and parole chiave must follow respectively summary and italian summary, font-size 11;

TEXT BODY font-size 12, CHAPTERS TITLES (introduction, materials and methods, results, bibliography) should be written in small caps, the paragraphs titles in italics.

The bibliography (font-size 11) should list references in alphabetical order under the (first) author's name, and chronologically for the same author. Journals must be abbreviated according to the World List of Scientific Periodicals.

CHALLENGER G.E., 1912. The herpetofauna of an Amazon plateau, with the description of three new species. *Journal of Pseudozoology*, London 4: 237-251.

CHALLENGER G.E. & SUMMERLEE L.A., 1975. *Pterodactylus conandoylei* n. sp. from an Amazon plateau. Pp. 200-210. In: Malone E.D. & Roxton L.J. (eds.), Proceedings of the Fifth Conference on Hypothetical Herpetology. *Empire State University Press*, New York.

CHALLENGER G.E., SUMMERLEE L.A. & ROXTON L.J., 2011a. Dinosauria du Bassin amazonien. Tome 4. *Mém. Soc. fantazool.* Fr. 47: 1-350.

CHALLENGER G.E., SUMMERLEE L.A. & ROXTON L.J., 2011b. Living Pterosauria of Amazon. *Megadodo Publications*, London.

DANFORTH H.P., 1980. Phylogenetic relationships of Aldrovandodraconidae (Reptilia: Squamata). Unpublished doctoral dissertation. *Miskatonic University*, Arkham, Massachusetts.

FIGURES must be sent as *.tif or *.jpg and will be published in color in the digital version and in b/w in the paper volume, so keep in mind this when drafting tables and diagrams. Illustrations should be numbered consecutively and captions should be written at the end of the paper.

Only scientific contributions sent together with the registration form and the receipt of the registration fee payment will be considered for the review process. Permits - if required in the Country where researches were performed - must be clearly addressed in the manuscripts.

✓ Free registrations for Sicilian universities students

Up to five free registrations are available for students from Sicilian universities, selected on the basis of *curriculum vitae et studiorum* and the list of exams and their votes, to be emailed to congressoshi.lipari@gmail.com within **15th May 2021**.

N.B. To apply for Travel Grants, please refer to the indications of the SHI national secretariat.
